

## LONDON

# ELASTIC{ON} AGENDA

- Keynote Sessions
- Search Track
- Lightning Talk
- Security Track
- Observability Track

### 26 February 2026

8:00 - 9:00

**Registration + Meet the sponsors**  
Grand Hall Gallery

9:00 - 9:10

- **Opening Remarks**  
Grand Hall 2

9:10 - 10:00

- **Forge the Future: What's New, What's Next**  
Grand Hall 2

10:00 - 10:30

**Morning Networking Break**  
Grand Hall Gallery

10:30 - 10:40

- **Detections at Scale: Keeping calm while your clients carry on with AWS & ConnectWise**  
Grand Hall 2

10:40 - 11:10

- **From Foundations to Futures: How Elastic customers turn AI, automation, and observability into real-world impact**  
Grand Hall 2

11:10 - 11:20

- **From Efficiency to Innovation: How UK Leaders Scale with AI & Elastic**  
Grand Hall 2

11:20 - 11:30

- **Building a Pragmatic SOC with Elastic and Tines**  
Grand Hall 2

11:40 - 12:10

- **The future of building AI agents in Elasticsearch: Agent Builder**  
Grand Hall 1

11:40 - 12:10

- **Architecting the SOC of the future: Overcome data deluge and hidden threats**  
Grand Hall 2

11:40 - 12:10

- **Simplifying OTel data ingestion and analysis with Elastic**  
Doddington 1

12:15 - 12:45

- **Transforming Our Search Infrastructure: A Migration Story to Elastic Cloud**  
Grand Hall 1

12:15 - 12:45

- **From Yaml to Signal: Detection as Code at SwissRe**  
Grand Hall 2

12:15 - 12:45

- **Streams: The future of solving problems with logs**  
Doddington 1

12:45 - 13:45

**Lunch Networking Break**  
Grand Hall Gallery

13:00 - 13:15

- **Lightning Talk: Integra Micros**  
Grand Hall Gallery - Integra Micros Booth

13:15 - 13:30

- **Lightning Talk: Gios Technology**  
Grand Hall Gallery - Gios Technology Booth

13:30 - 13:45

- **Lightning Talk: Mindbridge**  
Grand Hall Gallery - Mindbridge Booth

13:45 - 14:15

- **From Keywords to Intent: Evolving Job Search at reed.co.uk with Elasticsearch**  
Grand Hall 1

13:45 - 14:15

- **Scaling your SOC with AI Agents and a Security Specialized Language Model on Elastic and LangGraph**  
Grand Hall 2

13:45 - 14:15

- **AI in 2026 - Where are we and how did we get here?**  
Doddington 1

14:20 - 14:50

- **Semantics and scale: Elasticsearch vector database enhancements**  
Grand Hall 1

14:20 - 14:50

- **From Gameplay to GameOps: Adding an Agent for Insights, Incidents, and Daily Operations**  
Grand Hall 2

14:20 - 14:50

- **Automating Kibana Alerting: When GitOps meets UI**  
Doddington 1

14:55 - 15:25

- **Agentic AI in Elastic Security: From triage to response**  
Grand Hall 2

14:55 - 15:25

- **Breaking the Hardware Wall: How Workday Halved Cloud Costs & Doubled Speed**  
Doddington 1

15:25 - 15:55

**Afternoon Networking Break**  
Grand Hall Gallery

15:55 - 16:25

- **Stateless Elasticsearch: Improved performance and scalability for your workloads**  
Grand Hall 1

15:55 - 16:25

- **Building a Pragmatic SOC with Elastic and Tines**  
Grand Hall 2

15:55 - 16:25

- **From SLO breach to root cause: AI for modern observability**  
Doddington 1

16:30 - 17:00

- **Introducing DiskBBQ: A new way to index and search vectors**  
Grand Hall 1

16:30 - 17:00

- **XDR in action: Threat hunting and incident response**  
Grand Hall 2

16:30 - 17:00

- **A new era for Metrics in Elastic: Performance, Prometheus, and more**  
Doddington 1

17:00 - 18:10

**Networking Reception**
